Safegate

A unique Chapter 8 barrier system which is ideal for use around man-hole repairs, cable laying and other temporary excavations. Hinge clips connecting the gates enable this system to be erected in a variety of configurations. Gates have twin reflective panels to BS standard, and will accept courtesy and warning panels.

Panels, gates and clips can be supplied separately. The complete system folds flat for ease of transportation and can be erected in seconds.

Gate measure 1000mm by 750mm.
